Whole class. Small groups. Whole class.

Hook students together, think in small groups, and come back together to reify. Repeat the cycle as often as the learning needs.

1 · WHOLE CLASS

Hook

Engage students with something that sparks curiosity and pulls them into the learning.

Connect the hook to the learning intention and launch the task.

1A

2 · SMALL GROUPS

Think

2A Intentional groups with a participation structure

1B Multiple artifacts to analyze

1C A high-cognitive prompt

2B Open space to make thinking visible

2C Protected time to talk

3 · WHOLE CLASS

Reify

Groups share out their thinking.

The teacher directs the talk or leaves it open to students.

The class lands on what we agree to and what we have learned.

2D

Repeat as needed: back to small groups with new artifacts or more think time

Whole class to hook · Small groups to think · Whole class to reify
